

January 8, 2021

Mission Heights' Families,

Week one of Quarter 3 is already finishing up, and our Phantoms have been doing great! We have been so excited about the attendance and work we are seeing in classrooms! Once again, we are proud of how you are transforming your now and adapting back to Remote Learning.

As it is Friday, it is time for my update on MHP's learning status. Pinal County Health Department continues to recommend virtual learning and is sharing with schools that this will most likely be in effect for at least the next two weeks if not the whole month of January (See Pinal County Benchmarks [here](#)). **Therefore, we will be continuing our Remote Learning for at least the next two weeks.** We will continue sending Friday updates on our learning status just to keep you informed and in the know, but please plan on nothing changing for these next couple of weeks.

Schedule changes close out after today, so if there is anything a student needs to change, please make sure you are reaching out to me via email (amanda.mace@leonagroup.com). Parents and students, please continue to weekly (if not daily) check Parentvue and Studentvue to see updates on grades and attendance. (Click [here](#) to log into Parent/Studentvue.)

As many of you know, many of the schools and districts in the area have changed their calendar for the 21-22 SY to a Modified-Year-Round Calendar. This means that Fall, Winter, and Spring Breaks are all two weeks long. This shortens the Summer Break by two weeks. **Mission Heights is looking to follow this calendar too, but we would love your input!!! We sent out a [survey](#) this week. Please give us your feedback and fill it out today as we will be making this decision in the next week.**

Have a wonderful weekend,

Amanda Mace
School Leader
