

December 7, 2020

Mission Heights' Families,

Happy Friday! I can't believe that in one week Quarter 2 is finished! We are excited for the Holiday season! In celebration of that, we are having a MHP Holiday Spirit Week. We hope all participate and send us their pictures! See the picture for more details.

It is also that time of the week where I share the status of MHP and whether we will be remaining open for our hybrid learners. This week the numbers rose in some areas but stayed the same in others. That said, though, I am excited to share that we will be remaining open for finals week and will finish out the quarter on campus!! (See Pinal County Benchmarks [here](#).)

Thank you to those who have filled out the Quarter 3 Learning Options survey. **Remember this is due TODAY!!!!** If we do not hear from you, we will assume you are choosing the same mode of learning for your student as Quarter 2.

[MHP 20-21 Q3 Learning Options](#)

Parents, please log into Parentvue or Studentvue with your child and check his or her grades. (Click [here](#) to log in.) There are many students who are struggling right now and will need extra support from home to get their grades up. We encourage all Phantoms to spend extra time studying and finalizing last assignments. Teachers will be done with final grading on Monday, December 21st, and grades will be posted on Monday, December 28th. Schedules for Quarter 3 will go out to students during the week of December 28-January 1st. Please reach out via email if you have any questions or concerns regarding grades or schedules. FINISH STRONG, PHANTOMS!

Blessings to you all, and have a good weekend,

Amanda Mace
School Leader
